

Wylie Welcomes New Businesses

Retailers, restaurateurs and manufacturers continue to discover Wylie and the benefits of locating their business in our growing town. Sam Satterwhite, Wylie's Economic Development Director, recently gave an update to the Wylie Chamber of Commerce on the City's work to expand Wylie's tax base and provide new and exciting retail, entertainment and employment opportunities for the citizens of Wylie. The Mayor, City Council and staff are excited to present to you these new businesses.
